EXPERIENCE

QUIKTRIP 174 • 5055 ROE BLVD, ROELAND PARK • FEB 2018 – CURRENT
As a Part-Time Clerk, we make sure that the customers get greeted with great respect and get our store ready for any of the customers' needs. Just as our CEO said, "we are more than a gas station", we are always ready to work at a fast pace and adapt to our surroundings.

TARGET • 10900 STADIUM PKWY, KANSAS CITY • MAY 2022 – CURRENT
As a Target Tech Consultant we oversee being knowledgeable about the products and services available in the store. We are there for the customer if they have any questions about the products/services. We stay on top sellers and current tech trends to help the quest.

EDUCATION

**COMPUTER ENGINEERING AS DEGREE • MAY 2021 •
KANSAS CITY KANSAS COMMUNITY COLLEGE**
Finished my associates degree with KCKCC in May of 2021 with a GPA of 3.0. Learning how to use computer languages such as Java. JavaScript, Linux.

**COMPUTER SCIENCE BS DEGREE • CURRENT •
UNIVERSITY OF MISSOURI-KANSAS CITY**
Plan on finishing my bachelor's degree with more knowledge on how to code in other languages, along with learning how to develop and be more impactful when a company needs a programmer.

VOLUNTEER EXPERIENCE OR LEADERSHIP

On my free time, I go volunteer at shelters that need a helping hand during the busy times of the year. I usually go to KC Pet Project's facility. I also have a huge passion for the cosmos, so I tend to take my nieces and little cousins to look at the stars whenever time is given on both sides.
